

Which is Better ???

1. Obtaining **successful preventive medicine** for your pet through daily feeding of natural & completely balanced nutrition in each and every bite; **or**
2. You *and* your pet suffering through the added high costs of veterinary treatments, surgery, drugs, ointments, special diets, supplements and oils?

Recommended Daily Feedings For Dogs Meat Eater Diet (Canines)

Based on raw diet standard, feeding 2% of body weight:

AFS Large, ½ lb. Patties

12 lb. dog	½ Pet Patty (¼ lb.) per day
25 lb. dog	1 Pet Patty (½ lb.) per day
50 lb. dog	2 Pet Patties (1 lb.) per day
100 lb. dog	4 Pet Patties (2 lbs.) per day

AFS Mini Patties

6 lb. dog	1 Mini Patty (1/8 lb.) per day
12 lb. dog	2 Mini Patties (¼ lb.) per day
25 lb. dog	4 Mini Patties (½ lb.) per day

*Growing puppies and pregnant or nursing dogs may require as much as 3%-4% of body weight per day during early growth and high performance months.

Do you really know how good your dog/cat can look and feel?

1. Or, have you simply settled?
2. Or, trust what the pet food package claims when you really shouldn't?
3. Or, believe that high prices guarantee high quality?

Try AFS products for 30 days—then you will surely see...the very real difference between pet foods!
